

SAFETY DATA SHEET

1. Identification

Product identifier	Bug-Off			
Other means of identification				
Product Code	1078			
Recommended use	Tar and Bug Remover			
Recommended restrictions	None known.			
Manufacturer/Importer/Supplier/I	Distributor information			
Manufacturer				Australian Distributor
Company name	Malco Products, Inc.			Pacer Auto Products Pty Ltd
Address	361 Fairview Ave			1 Highgate Street
	Barberton, OH 44203			Auburn NSW 2144
	United States			Australia
Telephone	Phone	800-253-252	6	(02) 9647 2056
	Fax	330-753-202	5	(02) 9647 2043
Website E-mail	www. malcopro .com msdsinfo@malcopro.com			www.pacer.com.au sales@pacer.com.au
Contact person	Technical Department			National Poisons Information Centre
Emergency phone number	Phone	1-800-424-93	00	131 126
2. Hazard(s) identification		1 000 121 00	00	
Physical hazards	Not classified.			
Health hazards			Categ	00/4
Health hazarus	Acute toxicity, oral		•	•
	Skin corrosion/irritation		Categ	-
	Serious eye damage/eye irritatio	on	-	ory 2A
	Sensitization, skin		Categ	ory 1
	Specific target organ toxicity, sin	ngle exposure	Categ	ory 3 respiratory tract irritation
Environmental hazards	Not classified.			
OSHA defined hazards	Not classified.			
Label elements				
	\wedge			
Signal word	Warning			
Hazard statement	Harmful if swallowed. Causes s eye irritation. May cause respira		ay caus	e an allergic skin reaction. Causes serious
Precautionary statement				
Prevention	using this product. Use only out	doors or in a w	ell-vent	handling. Do not eat, drink or smoke when ilated area. Contaminated work clothing ctive gloves. Wear eye/face protection.
Response	inhaled: Remove person to fres cautiously with water for severa Continue rinsing. Call a poison	h air and keep I minutes. Rem center/doctor if e/attention. If e	comfort tove con you fee ye irritat	well. If on skin: Wash with plenty of water. If table for breathing. If in eyes: Rinse ntact lenses, if present and easy to do. el unwell. Rinse mouth. If skin irritation or tion persists: Get medical advice/attention. e.
Storage	Store in a well-ventilated place.	Keep containe	er tightly	closed. Store locked up.
Disposal	Dispose of contents/container in	n accordance v	vith loca	al/regional/national/international regulations.
Hazard(s) not otherwise classified (HNOC)	None known.			

3. Composition/information on ingredients

Mixtures

Chemical name	Common name and synonyms	CAS number	%
2-(2-Butoxyethoxy)ethanol		112-34-5	10 - < 20
Ammonium Hydroxyde		1336-21-6	< 0.2
Other components below reportable le	evels		80 - < 90

Other components below reportable levels

*Designates that a specific chemical identity and/or percentage of composition has been withheld as a trade secret.

4. First-aid measures

Inhalation	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.
Skin contact	Remove contaminated clothing immediately and wash skin with soap and water. In case of eczema or other skin disorders: Seek medical attention and take along these instructions. Wash contaminated clothing before reuse.
Eye contact	Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists.
Ingestion	Rinse mouth. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs. Get medical advice/attention if you feel unwell.
Most important symptoms/effects, acute and delayed	Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. May cause respiratory irritation. Skin irritation. May cause redness and pain. May cause an allergic skin reaction. Dermatitis. Rash.
Indication of immediate medical attention and special treatment needed	Provide general supportive measures and treat symptomatically. Keep victim warm. Keep victim under observation. Symptoms may be delayed.
General information	If you feel unwell, seek medical advice (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before reuse.

5. Fire-fighting measures

Suitable extinguishing media	Powder. Alcohol resistant foam. Carbon dioxide (CO2).
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread the fire.
Specific hazards arising from the chemical	During fire, gases hazardous to health may be formed.
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Fire fighting equipment/instructions	Move containers from fire area if you can do so without risk.
Specific methods	Use standard firefighting procedures and consider the hazards of other involved materials.
General fire hazards	No unusual fire or explosion hazards noted.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Avoid breathing mist or vapor. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.
Methods and materials for containment and cleaning up	Large Spills: Stop the flow of material, if this is without risk. Use water spray to reduce vapors or divert vapor cloud drift. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.
	Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.
Environmental precautions	Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS. Avoid discharge into drains, water courses or onto the ground.

7. Handling and storage

Precautions for safe handling

Avoid breathing mist or vapor. Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Do not taste or swallow. When using, do not eat, drink or smoke. Provide adequate ventilation. Wear appropriate personal protective equipment. Wash hands thoroughly after handling. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities Store locked up. Store in original tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).

8. Exposure controls/personal protection

Occupational exposure limits US. ACGIH Threshold Limit		N.I.	F
Components	Туре	Value	Form
2-(2-Butoxyethoxy)ethanol (CAS 112-34-5)	TWA	10 ppm	Inhalable fraction and vapor.
Biological limit values	No biological exposure limits noted for	the ingredient(s).	
Appropriate engineering controls	Good general ventilation (typically 10 a should be matched to conditions. If app or other engineering controls to mainta exposure limits have not been establish wash facilities and emergency shower	blicable, use process enclos in airborne levels below rec hed, maintain airborne level	ures, local exhaust ventilation, ommended exposure limits. If s to an acceptable level. Eye
Individual protection measures	, such as personal protective equipme	nt	
Eye/face protection	Face shield is recommended. Wear sa	fety glasses with side shield	ls (or goggles).
Skin protection			
Hand protection	Wear appropriate chemical resistant gl supplier.	oves. Suitable gloves can b	e recommended by the glove
Other	Wear appropriate chemical resistant cl	othing. Use of an impervious	s apron is recommended.
Respiratory protection	When workers are facing concentration certified respirators. Chemical respirators		
Thermal hazards	Wear appropriate thermal protective cl	othing, when necessary.	
General hygiene considerations	Keep away from food and drink. Alway washing after handling the material and work clothing and protective equipmen should not be allowed out of the workp	d before eating, drinking, an t to remove contaminants. C	d/or smoking. Routinely wash

9. Physical and chemical properties

Appearance	Clear.
Physical state	Liquid.
Form	Liquid.
Color	Pink.
Odor	Ammonia Butyl
Odor threshold	Not available.
рН	11
Melting point/freezing point	-90.58 °F (-68.1 °C) estimated
Initial boiling point and boiling range	446.72 °F (230.4 °C) estimated
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not applicable.
Upper/lower flammability or exp	losive limits
Flammability limit - lower (%)	Not available.
Flammability limit - upper (%)	Not available.
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.

	N I I I I I I I I I I
Vapor pressure	Not available.
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	
Solubility (water)	Not available.
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	442 °F (227.78 °C) estimated
Decomposition temperature	Not available.
Viscosity	5 cP
Viscosity temperature	68 °F (20 °C)
Other information	
Density	8.34 lb/gal
Kinematic viscosity	4.9979 cSt
Kinematic viscosity temperature	68 °F (20 °C)
VOC (Weight %)	0.59 % w/w By Weight

10. Stability and reactivity

Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Contact with incompatible materials.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	No hazardous decomposition products are known.

11. Toxicological information

Information on likely routes of exposure

Inhalation	May cause irritation to the respiratory system. Prolonged inhalation may be harmful.
Skin contact	Causes skin irritation. May cause an allergic skin reaction.
Eye contact	Causes serious eye irritation.
Ingestion	Harmful if swallowed.
Symptoms related to the physical, chemical and toxicological characteristics	Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision. May cause respiratory irritation. Skin irritation. May cause redness and pain. May cause an allergic skin reaction. Dermatitis. Rash.

Information on toxicological effects

Acute toxicity In high concentrations, vapors are anesthetic and may cause headache, fatigue, dizziness and central nervous system effects. Harmful if swallowed. May cause an allergic skin reaction. May cause respiratory irritation.

Components	Species	Test Results	
2-(2-Butoxyethoxy)ethanol	(CAS 112-34-5)

Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.

14. Transport information

DOT

Not regulated as dangerous goods.

ΙΑΤΑ

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

Not established. Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

15. Regulatory information

US federal regulations

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200. All components are on the U.S. FPA TSCA Inventory List

	All components are on ti	The U.S. EFA ISCA Inventory List.
TSCA Section 12(b) Export I	Notification (40 CFR 707	, Subpt. D)
Not regulated.		
CERCLA Hazardous Substa	nce List (40 CFR 302.4)	
Ammonium Hydroxyde (C	AS 1336-21-6)	Listed.
SARA 304 Emergency release	se notification	
Not regulated.		
OSHA Specifically Regulate	d Substances (29 CFR 1	910.1001-1050)
Not listed.		
Superfund Amendments and Re	authorization Act of 198	6 (SARA)
Hazard categories	Immediate Hazard - Yes Delayed Hazard - No Fire Hazard - No Pressure Hazard - No Reactivity Hazard - No	3
SARA 302 Extremely hazard	ous substance	
Not listed.		
SARA 311/312 Hazardous chemical	No	
SARA 313 (TRI reporting) Not regulated.
