

MALCO® CHERRY FLASH® LIQUID PASTE WAX (1248)

DESCRIPTION

Cherry Flash® is a liquefied paste wax formulated with premium, natural carnauba wax and DuPont Zonyl®. This easy-to-use wax applies and comes off quickly, resulting in a deep, long-lasting gloss.

DIRECTIONS

Wash and dry vehicle thoroughly before using Cherry Flash. SHAKE WELL before using. Apply Cherry Flash to surface with a wax applicator pad. Let product dry to a haze. Polish off with a clean, soft cloth. Entire vehicle may be treated before wiping off. After extensive testing we have determined that Cherry Flash can be applied in direct sunlight.

FEATURES AND BENEFITS

Makes hand waxing fast and easy	Non-dusting formula comes off quickly
Carnauba wax protects surfaces	Delivers deep, lasting gloss
Body shop safe	VOC compliant
