## MALCO® EPIC™ LEATHER COAT (2606)

### DESCRIPTION

EPIC Leather Coat cleans and protects leather and vinyl surfaces. This formula forms a protective barrier that helps resist staining and allows for easier clean-up of contaminants. EPIC Leather Coat provides a satin-gloss finish.

### DIRECTIONS

- Check colorfastness by applying to an inconspicuous area before general use
  - If color changes, discontinue use immediately
  - Malco will not be liable for damage caused by misuse of this product
- Wipe on surface with a microfiber cloth or wax applicator pad
- Remove any excess product and allow to dry completely
- Allow 24 hours for protection to be effective
- When not in use, keep bottle sealed to maintain integrity of product

- 32 oz. (Part number: 260632)
- 1 gallon (Part number: 260601)

## PRODUCT FAQs

### **Q1: Does EPIC Leather Coat offer surface protection?**

**A1:** Yes, Leather Protectant cleans and protects leather and vinyl surfaces by forming a barrier that helps resist staining and allows for easier clean-up of contaminants. It also contains a UV inhibitor, which helps prevent sun damage and drying out.

### **Q2: How do you apply Leather Coat?**

**A2:** After checking for colorfastness, wipe on surface with a microfiber cloth or wax applicator pad. Remove any excess product and allow to dry completely. Allow 24 hours for protection to be effective.

### **Q2: What types of stains does Leather Coat prevent?**

**A1:** Leather Protectant helps prevent oil and water-based stains including ball-point pen ink, ketchup and wine, etc.
